

Topic

Research at least 3 facts about a place in Europe and the UK. Focus on the geography of the areas (such as mountains, directions, weather, etc) and write a short non-fiction paragraph to explain about the area.

Maths

Please research Place Value (for Y5) and make a poster showing what you have researched, learned, or remembered from previous years.

GPS

Research words with the -OUGH spelling (like thought, or though, or rough, etc) and make a list. Then have an adult help you pronounce them and listen for the different phonics sounds. Make a chart showing the different sounds the -ough words make.

Some are tricky, so you may want to research online for a table to compare with your answers.

Maple Class Term 1

Reading

Log into First News and complete a few stories/activities.

Times Tables

Have an adult test you on your times tables. If you cannot recall the answer in 3 seconds or without using your fingers, you do not know them yet! Create a set of flashcards for the times tables you find tricky. And practice practice practice!

Writing

Can you research Fronted Adverbials and write a paragraph about your weekend using at least 3 fronted adverbial phrases?

**Please only email photo evidence of the work. Do not send in any hard copies.
Thank you!**
