

Writing

In class we are focusing on basic writing skills, spelling and presentation. We are also extending our learning by thinking about different literary techniques. Please make a detailed glossary of the following terms: simile, metaphor, dialogue, personification, alliteration and imagery.

Maths

Please create your own Maths Revision poster for your bedroom – this needs to be based on areas that you find tricky. Suggestions: X Tables, Fractions, Percentages, Measure, Data or Shape. Use the BBC Bitesize website to help you!

Reading

Please complete one of the reading activities found in the 'Reading Skills' section under the 'Home Learning Resources' tab. Please make sure you are using your First News iHub account for non-fiction texts, comprehension and current news articles.

Home Learning Rowan Class Term 1

Reading & Writing

This term our topic is Conservation. Please research an endangered animal and present your findings in a fact file – remember to think about your writing targets!
Vocabulary
Structure
Punctuation

Maths

This term we are covering Place Value and Calculation (+, -, x, ÷). Please review these areas with your parents; use the BBC Bitesize website to help you.

Writing

Take time to go outside with your family and explore your local area. You may want to go for a walk; a day trip; a litter pick or even an overnight camping experience in your garden. Write up your outdoor experience and don't forget to add some photos!
