Phase 4:

When children start Phase Four of the Letters and Sounds phonics programme, they will know a grapheme for each of the 42 phonemes. They will be able to blend phonemes to read CVC (consonant-vowel-consonant) words and segment in order to spell them.

Children will also have begun reading straightforward two-syllable words and simple captions, as well as reading and spelling some tricky words

In Phase 4, no new graphemes are introduced. The main aim of this phase is to consolidate the children's knowledge and to help them learn to read and spell words which have adjacent consonants, such as trap, string and milk.

Phase 5

Children entering Phase Five will already be able to read and spell words with adjacent consonants, such as trap, string and flask. They will also be able to read and spell some polysyllabic words.

In Phase Five, children will learn more graphemes and phonemes. For example, they already know ai as in rain, but now they will be introduced to ay as in day and a-e as in make.

Alternative pronunciations for graphemes will also be introduced, e.g. ea in tea, head and break.

With practice, speed at recognising and blending graphemes will improve. Word and spelling knowledge will be worked on extensively.
